How to shop and compare warranties

- **Is the warranty Limited or Full?**

There are certain legal requirements to be able to use the designation “Full”, so if it doesn’t say “Full”, it isn’t.

- **Who does the work?**

Milgard has warranty work performed by factory-trained technicians.

- **What is not included?**

Many warranties don’t cover labor, which can be one of the most costly aspects of warranty-related window repair or replace. Once again, be sure to read all of the small print.

- **Will there be an overwhelming amount of paperwork to complete after your windows are installed?**

With Milgard, you simply buy our windows and you’re covered for as long as you own your home. It doesn’t get any easier than that.

- **Are there any hidden costs?**

Find out if costs such as labor and shipping are included. Milgard doesn’t charge for parts, shipping or labor to fulfill warranty work.

- **Anyone can offer a Lifetime Warranty, but can you trust that the window manufacturing company will be in business when you need to make a claim?**

Milgard has been in business for over 50 years.

- **How long is the warranty itself?**

If it’s more than a couple of pages, make sure you completely understand what’s covered and what’s not.
